

HLTA Covid-19 Update (January 2021)

During the current Coronavirus / COVID-19 situation, HLTA will by necessity look different. In line with the national assessment board for HLTA (HNAP) we are adjusting the operations for provision of HLTA preparation and assessment. During the current situation in order to protect the health and well-being of us all, we have cancelled all face to face preparation delivery and all school face to face assessment visits.

To ensure HLTA can continue, we will be continuing to deliver HLTA preparation online during the spring term and we will be completing assessments, where possible, remotely.

For further details on the online programme available please contact the HLTA team HLTA@strictlyeducation4s.co.uk

The HLTA team will be working from home but phone lines are diverted and e-mail (HLTA@strictlyeducation4s.co.uk) is accessible across the team.
